WORK EXPERIENCE

Evans Brothers (Nigeria Publishers) Limited.   **Ibadan, Nigeria**
Full Stack Developer   *Mar 2024 - Jan 2025*

- Developed a mobile and web app for creating book quotations and estimations, improving accuracy and reducing calculation time for new and older books in inventory.
- Built, deployed and optimized a CI/CD pipeline to streamline development, enabling seamless updates and reducing development time by 30%.
- Worked closely with stakeholders to translate business requirements into technical features, ensuring product alignment with business goals.
- Orchestrated the integration of backend and frontend components with a diverse team of developers, leading to a 20% increase in app accuracy.
- Assisted the IT support team in revamping company computers, reinstalling operating systems and essential software, improving system performance, and enhancing employee productivity.

Ghana Music Live   **Remote**
Backend Engineer   *Dec 2022 - Mar 2023*

- Developed, designed and implemented new databases schemas for new API Endpoints as a part of an ongoing project
- Improved the quality of the legacy code base for the current project while transforming client needs into new product features.
- Responsible for implementing User news models, bookmarks function and vendors models.
- Worked with Frontend team to better deliver content to the frontend application.

Frontend Developer   *Mar 2023 - Sep 2023*

- Maintained an admin panel for managing Users, Administrative accounts and content for the Ghana Music Live platform
- Implemented new features and improved user experience using React and NextJS
- Implemented user statistics and analytics tracking of users for the Admin panel
- Collaborated with cross-functional teams of developers to successfully deliver backend and frontend components for the app, resulting in a seamless user experience.
